

INTRODUCING

Proto

LUMA

SPATIAL COMPUTING REIMAGINED

Welcome to the Future

Experience the cutting-edge of spatial computing technology with Proto Luma. Designed to transform digital interactions into immersive, engaging, and impactful experiences. Perfect for next generation retail engagement, interactive marketing, and enhanced learning.

Key Features

Limited Early Release

Be one of the first to own Proto Luma in North America with our release in the first half of 2024. Limited to 200 units, this exclusive opportunity lets you experience groundbreaking technology first-hand. Reserve your Proto Luma today!

Immersive Spatial Display Redefined

Experience life-size interaction with Luma's specially designed 86" high density, multi-touch holographic display. Perfect for bringing people, products, and apps to life with unparalleled realism.

AI Enhanced 4K Camera

Enjoy crystal-clear details with our 4K camera featuring 10X Digital Zoom and AI Intelligent tracking technology to keep the action in frame. The Motorized Privacy Shutter ensures your privacy is just a click away.

Precision Sound Technology

Experience superior audio with our stereo speakers and 6 Microphone Array, capturing clear sound as far as 6 meters away. Enjoy a rich frequency range and flawless communication with hardware-enhanced Echo-Cancellation.

Optimized for ProtoOS

Explore the immersive possibilities of the most advanced holographic OS ever made with Luma and ProtoOS. Ideal for retail, education, and entertainment, together they redefine holographic spatial communication and interaction.

Technical Specifications at a Glance

Height: 223.48cm, 87.90in

Width: 127.2cm, 50.79in

Depth: 60cm, 23.62in

- HDMI In
- HDMI Out (*camera*)
- USB3.0
- 3.5mm Audio In/Out

- RJ45 Mic Extension Interface
- 2.5Gbps Ethernet RJ45
- 10 point IR Touchscreen
- IR remote Control

100-240V
50/60HZ 15A

Luma + ProtoOS & ProtoCloud

A UNIFIED ECOSYSTEM

ProtoGPT Conversational AI Engine

Interact with lifelike holographic AI-driven avatars and products that understand your needs and provide real-time conversational assistance.

The Proto App Store

Discover a wide range of curated holographic applications, from productivity tools to entertainment options, designed to fully leverage the capabilities of ProtoOS.

OS-Level Holographic Management

Experience maximum performance with smooth holographic playback, real-time remote communications and lightning-fast applications.

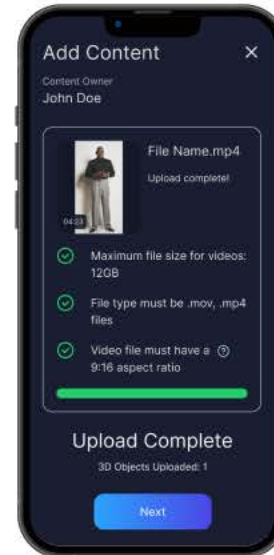

SOC-2 Compliant

Uncompromising data security and integrity for your enterprise.

Content & App Management

Create & upload hologram content, playlists & applications

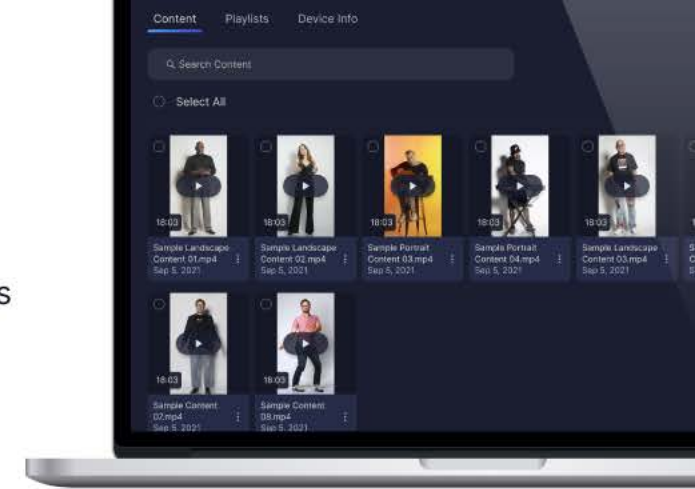

Device Management

Manage your device fleet and content and applications anywhere in the world

Remote Command & Control

Instantly launch apps and play from the Cloud or touchscreen, or schedule automated playback from a single dashboard

Embrace the Future with Proto Luma

Proto Luma is more than just a device; it's a transformative experience. Step into a world where communication, education, commerce, and entertainment are reimagined. With Proto Luma and ProtoOS, every interaction transforms the customer experience. Join us in this new era of spatial computing.
